WEBSITE ACCOUNT

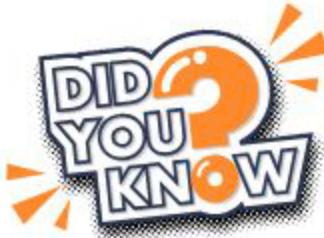

Interested in having a personal look into all your prescriptions? Create an account on our website where you can see all your prescriptions, refill dates, and request refills. No need to remember any Rx numbers or dates, it's all at your fingertips!

REFILLRX APP

Love the convenience of an app and simple refill requests? Download the RefillRx app, connect with Larsen Service Drug, and enter your prescription number! Easy-peasy.

CALL US

Refills can be submitted by giving us a call! During business hours, you'll get to chat with one of your favorite pharmacy staff members. After hours, you'll need your Rx number and can use our phone service provided.

Prescription purchases can often be refilled up to a week in advance. Requesting early allows time for insurance approval, submit refills with your doctor, and for our pharmacy staff to fill your request.

We'll text you when they're ready!
